

This Public Notice is to be published one (1) time in a newspaper published or having circulation in the community or area being served by the FM translator to which it refers. If there is no such newspaper, post this Public Notice in the local post office or other public place. This Public Notice is NOT TO BE BROADCAST.

Public Notice

Notice is hereby given that on September 28, 2011, there was filed with the Federal Communications Commission in Washington, D.C. an application by the University of South Florida for renewal of the license of FM Translator Broadcast Station W280DW. The station's output channel is 280, and it serves Tampa, Florida. The transmitter site is located at _____, and the transmitter power is 170 watts. The station rebroadcasts Station WUSF, Channel 209, Tampa, Florida.

Individuals who wish to advise the FCC of facts relating to this renewal application and whether the station has operated in the public interest should file comments and petitions with the Federal Communications Commission.
