

A Philanthropic Investment in WUSF Public Media

Leadership Society members are a select group of WUSF's most dedicated supporters who make an annual philanthropic investment in WUSF Public Media. Your unrestricted commitment provides a reliable source of support for WUSF's broadcasting, digital media and community service programming. Leadership Society donors empower WUSF's mission to provide meaningful and relevant content that enhances our community's quality of life.

As WUSF's most generous annual donors, you'll be afforded unique benefits including special access to station leaders and talented program hosts, reporters and producers; priority registration for WUSF Public Media's most sought-after opportunities including NPR's Weekend in Washington and the PBS Annual Meeting; and the opportunity for special VIP seating at station events with the chance to meet with some of public radio and TV's most interesting personalities.
